Bega Valley Plumbing | Trades and Services 25-26 | 2EC Bega / Power FM

Contract: ARN-2025-0042 | Station(s): 2EC Bega / Power FM

Spots Aired To Date: 120 | Report Date: 16 September 2026

Campaign Overview

Bega Valley Plumbing partnered with ARN's 2EC Bega / Power FM under the **Trades and Services 25-26** package, delivering a sustained radio campaign across July 2026 – September 2026. The schedule ran from 03 July 2026 to 12 September 2026 — a campaign window of 72 days — leveraging the engaged local listenership of 2EC Bega / Power FM to build brand awareness and drive consistent presence in market.

Over the campaign period, ARN delivered a total of **120 spots** across **72 broadcast days**, accumulating **1h 6m 0s** of total airtime. Spot types included Live Read, BMAD, ACQ Bonus, Filler, strategically scheduled across key dayparts to maximise reach and frequency. The campaign achieved strong delivery consistency and significant added value through bonus and filler placements.

Campaign Snapshot

SPOTS AIRED	TOTAL AIRTIME	BROADCAST DAYS	TOTAL RC VALUE
120	1h 6m 0s	72	\$5,202.00
confirmed aired spots	across all spot types	days on air	at ratecard ex GST

Spot Delivery Breakdown

Spot Type	Count	%	2EC Bega (%)	Power FM (%)	Airtime	Rate	Cost	RC Value *
Live Read	12	10.0%	0 (0%)	12 (100%)	12m 0s	\$50.00	\$600.00	\$2232.00
BMAD	84	70.0%	47 (56%)	37 (44%)	42m 0s	\$27.50	\$2310.00	\$2310.00
ACQ Bonus	16	13.3%	9 (56%)	7 (44%)	8m 0s	\$0.00	\$0.00	\$440.00
Filler	8	6.7%	4 (50%)	4 (50%)	4m 0s	\$0.00	\$0.00	\$220.00
TOTAL	120	100%	60 (50%)	60 (50%)	1h 6m 0s		\$2910.00	\$5202.00

* RC Value = Ratecard equivalent value of all spots, including bonus and filler placements carried at \$0.00 cost, valued at published ratecard rates. All rates and costs shown ex GST.

Station Breakdown

Station	Spots	Airtime	Investment (ex GST)	RC Value
Power FM	60	36m 0s	\$1617.50	\$3552.00
2EC Bega	60	30m 0s	\$1292.50	\$1650.00
TOTAL	120	1h 6m 0s	\$2910.00	\$5202.00

Monthly Spot Delivery

Month	Live Read	BMAD	ACQ Bonus	Filler	Total Spots	Airtime	Investment
July 2026	5	34	6	4	49	27m 0s	\$1185.00
August 2026	5	35	7	4	51	28m 0s	\$1212.50
September 2026	2	15	3	0	20	11m 0s	\$512.50
TOTAL	12	84	16	8	120	1h 6m 0s	\$2910.00

† Partial month(s): September 2026 — data reflects spots aired to report date only.

Investment vs. Value Analysis

Line Item	Detail	Amount
Client Investment (ex GST)	120 spots delivered	\$2,910.00
Client Investment (inc GST)	ex GST × 1.1	\$3,201.00
Paid Spots Value (at ratecard)	96 paid spots	\$4,542.00
Bonus & Filler Value Delivered	24 added-value spots at \$0.00 cost	\$660.00
Total Ratecard Value	all spots at published ratecard	\$5,202.00
Value Above Investment	44% below ratecard	\$2,292.00
Effective Cost Per Spot	vs. \$43.35 at ratecard	\$24.25
Cost Per Broadcast Day	across 72 days on air	\$40.42
ROI Multiple	ratecard value ÷ investment	1.79x

Daypart Distribution

	Breakfast
Spots	120
% of Schedule	100.0%

For every \$1.00 invested, Bega Valley Plumbing received \$1.79 worth of airtime at ratecard value.

The Value of Radio Advertising

Unmatched Reach & Frequency. Radio remains Australia's most trusted broadcast medium, reaching over 17 million Australians weekly. Bega Valley Plumbing's campaign capitalised on this reach by securing 120 spots across 72 broadcast days — an average of 1.7 spots per day on air, the repetition that builds durable brand recall.

Targeted Local Engagement. Local radio connects businesses directly with their community. By advertising on 2EC Bega / Power FM, Bega Valley Plumbing spoke directly to local listeners in the stations' own broadcast footprint — an audience defined by geography rather than clicks, delivering relevance no digital feed can replicate.

Credibility Through Association. Radio listeners trust the stations they tune into daily. When Bega Valley Plumbing's message appears alongside trusted presenters and content, that credibility transfers to the brand — accelerating trust-building that would otherwise take years through other channels.

Exceptional Value Delivery. This campaign generated 1h 6m 0s of total airtime at a ratecard value of \$5,202.00, significantly exceeding the client's investment through bonus and value-added placements. Radio consistently delivers one of the highest ROI multiples in traditional media.

The Power of Audio in a Screen-Saturated World. As consumers experience digital fatigue, audio advertising cuts through by engaging listeners while they drive, work, and go about their day — moments when screens are unavailable. Bega Valley Plumbing's message reached audiences in these exclusive listening windows, creating brand impressions that visual media cannot access.

Summary & Recommendations

Bega Valley Plumbing's campaign with ARN's 2EC Bega / Power FM delivered outstanding results across July 2026 – September 2026. A total of **120 spots** aired over **72 broadcast days**, accumulating **1h 6m 0s** of premium airtime. The campaign's total ratecard value reached **\$5,202.00** against a client investment of **\$2,910.00** (ex GST), delivering an ROI multiple of **1.79x**. Bonus and filler placements added **\$660.00** in incremental value at no additional cost.

- 1. Extend Campaign Duration.** The campaign demonstrated strong delivery consistency across 72 broadcast days. Renewing for a further 12-month cycle would allow Bega Valley Plumbing to build on existing brand recall and deepen frequency among loyal listeners.
- 2. Increase Live Read Integration.** Live reads delivered by trusted presenters generate significantly higher engagement than pre-recorded spots. Live reads made up 10% of this campaign (12 spots); lifting that share in the next package would strengthen authenticity and response rates.
- 3. Optimise Dual-Station Split.** With 2EC Bega / Power FM both delivering strong numbers, a refined spot weighting strategy between stations — informed by listener data — could maximise cost efficiency and peak-time presence.
- 4. Leverage Seasonal Peaks.** Scheduling increased spot weighting around Bega Valley Plumbing's own peak trading periods — rather than spreading evenly across the year — would align broadcast frequency with consumer intent and drive measurable uplift in response.
